

Teaching a
Software Projects
course in 2015?

Then convince your teams to enter **SCORE 2016...**
... and score a trip to ICSE 2016 in Austin, Texas, USA!

SCORE 2016 is a contest where student teams from around the world demonstrate their software engineering skills in developing a project. SCORE is designed so that course projects can be utilized as SCORE submissions.

So plan ahead and get your class to enter SCORE!

Visit **score-contest.org** for more info!
